Hamlet of Taloyoak

General Delivery

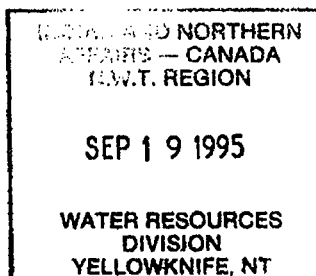

TALOYOAK, NT X0E 1B0

Attention: Don Pickle

Senior Administrative Officer

Dear Mr. Pickle

RE: Application for a Water Licence requirement

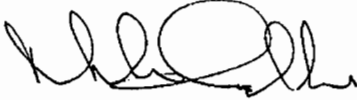

1. The new NWT Waters Act, enacted in June 1993, requires that users of water must have a municipal water licence; at this time the Hamlet of Taloyoak does not hold such a licence. We suggest that it is important that the hamlet apply for and be granted such a licence.
2. Provision of a water licence provides for the use of water, and by relationship, disposal of sewage and other municipal waste disposal facilities. We also suggest that provision of a water licence can be of assistance and can provide meaningful and sensitive considerations in the design and development of municipal services in communities of the Nunavut District.
3. Enclosed is a copy of the NWT Waters Act its Regulations and a copy of the Schedule III application form. Also attached for your use in facilitating this suggestion is supplemental information to aid you in completing the Schedule III application form. I have also included a draft copy of "Summary of Procedures and Information Requirements for the Applicant" to further assist you. Accompanying this application, you must also submit the information that is outlined on page 3 (section 6(d)) of the regulations. This section relates to the information that is required to be submitted when a municipal licence is being applied for.
4. We would encourage you to submit the completed application and the additional required information to the NWT Water Board. Their address is:

NWT Water Board
Box 1500
YELLOWKNIFE, NT X1A 2R3
5. This office would be pleased to offer any assistance that you may need; additionally, we would appreciate being provided any correspondence initiated with the NWT Water Board in this regard.

Canada

Should you have any questions, please feel free to contact Mr. Mike Collie at (403) 982-4306 or the District Office at (819) 979-4405.

Sincerely,

for / Dan Elliott
A\District Manager
