Re: Hamlet of Whale Cove

The Nunavut Water Board received an application for water licence from the Hamlet of Whale Cove for municipal purposes. As well, we received a report from Ferguson Simek Clark on behalf of the Hamlet of Whale Cove, titled "Whale Cove Sewage Lagoon and Solid Waste Sites Planning Study."

Notice of this application will be posted at local organizations in Whale Cove.

The following documents are available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder "NWB3WHA."

- notice (in English and Inuktitut)
- application form
- supplementary questionnaire
- Report: "Whale Cove Sewage Lagoon and Solid Waste Sites Planning Study."
- Aerial photo of the community

Please note that we have requested a municipal map from the Hamlet. This will be forwarded to the distribution list upon receipt, or you can contact the Hamlet directly at hamwhale@arctic.ca.

NWB3WHA is exempt from conformity review by NPC and from screening by NIRB because of its municipal status. The Nunavut Water Board is accepting written concerns and comments with regards to this project before **May 24, 2002**. Due to the construction time available to Hamlets, all Hamlet applications have been given priority. If you require an extension to this deadline, please let our office know before the deadline; otherwise, your comments may not be considered.

Sincerely,
