Thank you Sean.

I will be submitting the outstanding requirements identified in the April 24, 2014 letter from the NWB as follow-up documents to the existing application as soon as possible.

Could you please clarify what the Solid Waste Disposal Facilities Update Report as required under Part F, Item 1 should include?

Regards,

Megan

Subject: 3BM-WHA0914- Renewal-Amendment Application

Hi Megan,

As a follow-up to Monday's discussion, please note that a new water licence application may not be required for the Hamlet of Whale Cove as long as all outstanding requirements as stated in NWB's April 24, 2014 correspondence are addressed in the context of information already submitted.

Regards,

Sean
