**Re: Hamlet of Resolute Bay Airport Sewage Lagoon: Water Licence # NWB 3YRB0308-Type B: Amendment and Renewal application**

Dear Mr. Kharatyan,

I am writing in response to the e-mail from Cynthia Ene, Technical Advisor, NWB dated March 17, 2105 and responding as follows:

I would like to confirm that currently the water supply and waste site are no longer under this licence.

Transport Canada is planning to decommission the waste (landfill) site under Water Licence # 1BR-RBL1419 and Strip Lake water source was abandoned a long time ago. As a result the water supply and waste site will not be included under the renewal licence and the Lagoon will be the only facility under the renewal licence.

Therefore, to renew and amend the Water Licence #3BM-YRB0308, the following documents are attached to support this application.

1. Clarification of the e-mail from Cynthia Ene, Technical Advisor, NWB dated March 17, 2016 in Appendix-A.
2. O&M manual
3. QA/QC Plan
4. Spill Contingency Plan
5. The Plan for Compliance
6. Interim Management of Sewage until WWTP is built and operational
7. CGS Report Card
