Re: General Correspondence

Date: May 5, 2003

Telephone conversation with Dave Roberts, Regional Airport Manager RE: need for written confirmation from NWB that a report will be required within 90 days to address the sewage treatment modification to address problems with airport sewage lagoon breach/overflow as identified in DIAND inspection report for 2002. Dave proposes to hook into the community utilidor system but required written confirmation from NWB that a report/design is required before proceeding.

Dave indicated that he would be on holiday for one month as of Sat May 10 and is required to finalize prior to departure.

ACTION ITEMS:

JIM – FINALIZE LICENCE BY THURSDAY AND SEND CONFIRMATION TO DAVE.
