Re: Application Pending Referral from an Authorizing Agency for Qulliq Energy Corp's "Iqaluit Hydroelectric" Project Proposal

Dear Stephen Kerr:

The Nunavut Impact Review Board (NIRB or Board) received Qulliq Energy Corp's (QEC) "Iqaluit Hydroelectric" project proposal from the proponent on February 25, 2013 (hardcopy) and March 4, 2013 (Electronic copy). The project proposal submission included the following documents:

- Project Proposal
 - Qikiqtani Inuit Association LUP Application
 - Nunavut Territorial Parks Use Permit
 - Aboriginal Affairs and Northern Development Canada LUP Application
 - Nunavut Water Board Water Licence Application

The NIRB conducts screening (environmental impact assessment) of project proposals upon referral from Government departments/agencies and Regional Inuit Associations responsible for authorizing the proposed project works or activities. Please be advised that it is the Proponent's responsibility to apply for all authorizations and approvals required to carry out the proposed project works or activities.

Once the NIRB receives a referral from an authorizing agency, the Board will screen the project proposal in accordance with Article 12, Part 4 of the Nunavut Land Claims Agreement and will report to the Government Minister(s) responsible for authorizing the project.

If you have any questions or concerns, feel free to contact Natasha Lear, Environmental Administrator at 867-983-4612 or via email at info@nirb.ca.

Sincerely,

Natasha Lear
Environmental Administrator
Nunavut Impact Review Board
