**RE: Coordinated Review Process by NWB and NIRB for the Qulliq Energy Corporation's "Iqaluit Hydroelectric" Project Proposal**

Dear Sirs:

In accordance with section 13.5.2 and 13.6.1 of the NLCA, the purpose of this communication is to advise of the Qulliq Energy Corporation's (the "Corporation") intention to proceed with a coordinated review process between Nunavut Impact Review (NIRB) and Nunavut Water Board (NWB).

The Corporation acknowledges the individual mandate of the respected Boards and that separate reviews and hearing process would still be required at this time. Notwithstanding this requirement, we recognize that this process may allow for a more efficient and streamlined approach.

I look forward to the opportunity in working together to ensure that the coordinated process is effective and advantages for all those involved.

Regards,

Pet. G. H. fuchs

Peter Mackey  
President & CEO, Qulliq Energy Corporation
