Re: Update Requested on Anticipated Date of Submission of the Draft Environmental Impact Statement for Qulliq Energy Corporation's Iqaluit Hydroelectric Project Proposal

Dear Natalie Chafe-Yuan,

On November 8, 2013 the Nunavut Impact Review Board (NIRB) issued Guidelines for Qulliq Energy Corporation's (QEC) Preparation of an Environmental Impact Statement for its proposed Iqaluit Hydroelectric Project (NIRB File No. 13UN006). On November 12, 2013 the NIRB received email correspondence from QEC indicating that it intended to complete a Draft Environmental Impact Statement (DEIS) for the aforementioned project in December 2015 or early Spring 2016¹. On September 18, 2014 the NIRB requested an update regarding QEC's anticipated DEIS submission date and on September 29, 2014 received correspondence indicating that studies and activities associated with the DEIS's development were on hold.

To assist with planning, the NIRB requests that QEC provide an update with respect to the anticipated date for submission of the DEIS for the Iqaluit Hydroelectric Project. The NIRB respectfully requests that QEC provide a response by **October 9, 2015**.

Please submit any forthcoming correspondence to the NIRB at info@nirb.ca, or via fax at (867) 983-2594.

If you have any questions or require additional clarification on the NIRB's Review of the Iqaluit Hydroelectric Project, please contact me directly at (867) 983-4615 or dstpierre@nirb.ca.

¹ Email correspondence dated November 12, 2013 from N. Chafe-Yuan (QEC) to J. Dhillon (NIRB), available from: <http://ftp.nirb.ca/02-REVIEWS/ACTIVE%20REVIEWS/13UN006-QEC%20IQALUIT%20HYDRO/2-REVIEW/06-DRAFT%20EIS%20%26%20CONFORMITY%20REVIEW/01-CORRESPONDENCE/>

Sincerely,
