Dear Ms. Kharatyan, Mr. Chapple, Ms. Kusugak, Ms. McCaie, Ms. Robinson, Ms. Ohokannoak, Mr. Shoo, Mr. Weber:

## RE: NPC File # 148468 [Arctic Watch Lodge]

The following works and activities have been proposed in the above-noted project proposal:

- 1. Tourism activities: operate a tourism facility located in Cunningham Inlet on Somerset Island. During July and August, Arctic Watch guides take about 120 tourists, across Inuit Owned Land and Crown land on foot and by ATV and special truck, primarily for wildlife viewing for beluga whales, muskox and polar bears.
- 2. Arctic Watch guides and clients must access Inuit Owned Land adjacent to the crown lease. Canadian Arctic Holidays also has a 50 ft by 3500 foot airstrip on IOL.
- 3. One day per year, every second year, Arctic Watch holds a running race on a 50km loop. The race trail is part of the trail system used by Arctic Watch. The race normally has approximately 5 to 15 participants.

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The activities associated with this proposal were previously reviewed by NPC, and a conformity determination was issued on March 24, 2009 which still applies. In addition, the activities were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 09AN034) and a screening decision was issued on June 9, 2009 and on September 9, 2013. The above-noted project proposal is exempt from screening by the NIRB under section 12.4.3 of the Nunavut Agreement as amended because it is for a component or activity that was part of the original proposal and its inclusion is not a significant modification of the project.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials, including the applicable conformity requirements, are available at the following address: <a href="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="http://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="https://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="https://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="https://npc.strata360.com/portal/project-dashboard.php?appid=148468&sessionid="https://npc.strata360.com/portal/project-dashboard.php.appid=148468&sessionid="https://npc.strata360.com/portal/project-dashboard.php.appid=148468&sessionid="https://npc.strata360.com/portal/po

The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,

Goump Djalogue, MCIP, RPP

Senior Planner.
