RE: NWB Technical Review of 2017 and 2018 Annual Reports, Revised Spill Contingency Plan and Revised Abandonment and Restoration Plan for the Arctic Watch Lodge Project; Water Licence No. 7BL-AWL1722

Dear Mr. Weber:

The Nunavut Water Board (NWB or Board) has completed a technical review of the 2017 and 2018 Annual Report submissions for the above stated Water Licence. On March 13, 2018 and February 15, 2019, the Board acknowledged receipt of the respective 2017 and 2018 Annual Reports and provided them to the Qikiqtani distribution list for information. No comments have been received to date.

The technical review of the Annual Reports determined that the information provided generally addresses the requirements of the Water Licence.

The Board notes that the July 2017 Revision of Spill Contingency Plan and the February 2019 Revision of Abandonment and Restoration Plan (Plans) were submitted to the NWB on July 31, 2017 and February 15, 2019, respectively. The technical review of the updated Plans found that the additional/updated information addresses the requirements of current Water Licence.

Should you have any questions, please feel free to contact the undersigned at (867) 360-6338 (extension 29) or sergey.kuflevskiy@nwb-oen.ca, at your earliest convenience.

Sincerely,

Sergey Kuflevskiy
Nunavut Water Board,
