Subject: Application for Water Licence – Arctic Watch Lodge

Dear Mr. Webber:

The Nunavut Water Board (NWB or Board) acknowledges the application dated May 22, 2009 for a Type B water licence for operation of a tourism lodge located in Cunningham Inlet on Somerset Island. In processing this application, the NWB has determined that the time period for which the application was made has now lapsed. Accordingly, the NWB is returning your application. To ensure adequate time for processing of future applications, the NWB recommends that an application be submitted at least 90 days prior to any planned commencement of water use or deposition of waste requiring a water licence. If the water use and/or the deposition of waste are likely to extend over several years, the NWB also encourages applicants to apply for a multi-year term.

In closing, the NWB draws your attention to sections 11 and 12 of the *NWNSRTA*, which, subject to certain exceptions, prohibits the use of waters and deposition of waste in Nunavut except in accordance with the conditions of a licence.

If you require further information on the application process, please contact the Manager of Licensing at licensing@nunavutwaterboard.org.

Sincerely,

Original signed by:

Phyllis Beaulieu
Manager of Licensing
