RE: 7BL-AWL1015– Canadian Arctic Holidays Ltd. – Arctic Watch Lodge – Type B Water License Renewal

Attention: Richard Dwyer

Environment and Climate Change Canada (ECCC) has reviewed the information submitted to the Nunavut Water Board (NWB) regarding the above-mentioned Type B Water License Renewal and Amendment. ECCC's specialist advice is provided based on our mandate, in the context of the *Canadian Environmental Protection Act*, the pollution prevention provisions of the *Fisheries Act*, the *Migratory Birds Convention Act*, and the *Species at Risk Act*.

The following comments are provided:

1. On p.5 of their Spill Contingency Plan, Table 1 Spill Contingency Plan - Contact List, Canadian Arctic Holidays Ltd. (the Proponent) provides an incorrect number for ECCC, i.e. 867-669-4700.

In the case of a spill or emergency, the 24 Hour Northwest Territories-Nunavut Spill Report Line should be contacted first by the Proponent, who will then involve ECCC Emergencies when appropriate.

For information relating to the environmental enforcement and reporting requirements under the *Canadian Environmental Protection Act* and the *Fisheries Act* please contact ECCC Environmental Enforcement at 867-975-4644.

The ECCC National Environmental Emergencies Centre (NEEC) will provide technical and scientific environmental advice and assistance to the lead agency, in the event of an environmental emergency. A lead agency is described as the governmental authority that regulates or has authority over the activity from which the emergency originated. NEEC can be contacted at 1-866-283-2333.

ECCC recommends that ECCC's contact number be updated to the appropriate one (867-975-4644).

Should you require further information, please do not hesitate to contact me at (867) 669-4746 or Gabriel.Bernard-Lacaille@canada.ca.

Sincerely,

Gabriel Bernard-Lacaille
Environmental Assessment Coordinator
