

BATHURST

INLET LODGE • DEVELOPMENTS • ARCTIC SERVICES

To Whom It May Concern:

Bathurst Inlet Lodge has operated every summer since 1969 from the community of Bathurst Inlet.

We are primarily a ecotourism lodge and also provide accommodation to mining companies and any other individuals seeking accommodation.

We have beds for up to 30 guests.

The lodge is 50% owned by a Inuit company (Kingaunmiut Ltd).

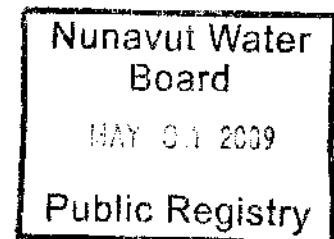

We have been advised that we now require a water license. The lodge gets its fresh water from the Burnside River, it is pumped into a 1000 gal fibreglass water tank where it is then treated with chlorine and pumped to the various buildings. Typically we use less then 1 tank / day.

The main lodge season is 4 weeks but some years we are open longer (8 – 10 weeks) It all depends on the economy.

If you have any questions please contact me.

Sincerely,

Boyd Warner
President
Bathurst Inlet Lodge
