Please, save under Application folder. The Applicant is informing the reduction in the number of beds for the undertaking.

Thanks
Sonia

Subject: Application with NIRB

To: sonia.aredes@nwb-oen.ca

Hi Sonia;

FYI

We have cancelled my application with NIRB and resubmitted to NPC. We have reduced the number of beds from 30 to 20. This will put us under the threshold and the application should not now have to go to NIRB.

NPC tells me they should be in touch shortly.

We would like to request the new water license to be for the max time period permissible.

Thank you.

Boyd Warner
