PROJECT SUMMARY:

Henik Lake Adventures Ltd. is an Inuit Owned outfitting company based in Arviat, Nunavut. We are planning to build a small tent frame camp at Edehon Lake, 125 miles southwest of Arviat. The camp will be used for caribou sports hunts, sport fishing, exploration support and recreational use by the owners of Henik Lake Adventures.

The camp will be able to accommodate 12 people with the camp consisting of the following:

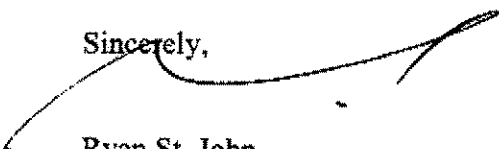

- 3 – 12x16 sleep tents
- 1 – 12x16 kitchen
- 1 – 12x16 dry (showers, etc)

The impact to land and water will be minimal. All combustible garbage will be burned and non-combustibles taken back to Arviat for disposal at the land fill.

We respectfully request that the time allotted for this type of review be shortened so that we could build our camp in July, 2006. We understand the normal process takes a minimum of 6 weeks. We have the opportunity now to build this camp and rent it for a couple of weeks to help cover a large portion of the overall cost. In the long term, having the camp available will create the opportunities to employ local Inuit as hunting and fishing guides as well as camp helpers for exploration companies.

If you have any questions or concerns, you can contact us by phone at (867) 857-2587 or by fax 857-2972 or by e-mail: heniklakeadventures@gmail.com

Sincerely,

Ryan St. John
