To Whom It May Concern:

I authorize the Nunavut Water Board to use all of my original Water License application information and Spill Condieny Plan has not changed, also the water amount I use has not changed or the amount that goes back into the system. I will at the end of my season give the Water Board Staff a report of my year-end activities as soon as I get back from Ekaluk River Camp.

Yours Sincerely,

William L. Lyall
Main Principal
B&J Flyfishing Adventures
