

Jan 13/2011

Good Morning Phyllis:

I hope this surfaces; my annual report, you could read through it and give me a call if we need more and also if you want I could mail you the originals. I really tried to get a letter from the Hamlet but they really reluctant to get me a letter, there's thing, it, it was before my time. I don't know anything about it, so I tried again and got the same thing, but anyway it's best I bring my garbage to town so I'm going to keep doing it even when I go camping on my own. So, anyway, hope all is well and you had a good Christmas & New Years. Didn't have much time at Co-op's A.G.M. to come and see you but saw your son get an award and really nice to see.

Yours Truly
Bill Lyall
