The Nunavut Planning Commission (NPC) is an Institution of Public Government in Nunavut operation under the *Nunavut Land Claims Agreement (NLCA)*. NPC's role is to develop land use plans and perform conformity determinations against those plans in Nunavut.

NPC has received the following application whose conformity with the *Keewatin Land Use Plan*, approved June 2000, NPC will be determining:

Cawker & Young Outfitting Ltd. (Ennadai Lake Lodge) under current permit application with Nunavut Water Board No. NWB6ENN9904.

NPC is providing the enclosed copies of these applications to your Band Council so that your Council may have the opportunity to make representations to NPC regarding the Band's interest, in case these interests are affected by the application. Kindly provide any representations within two weeks or your receipt of this letter. Thank you.

If your Council chooses to make representation, please note that NPC's review is limited to those matters involved in determining the application's conformity to the approved plan, and any possible concern respecting the cumulative impact of the proposed project in relation to other development

activities in the planning region. NPC will take your Council's representation into account within the limits of this mandate.

The plan can be viewed on the worldwide web at [www.npc.nunavut.ca](http://www.npc.nunavut.ca). For your convenience, I have enclosed the complete list of conformity requirements, to which all applications must conform.

Thank you for your attention to this matter. NPC looks forward to a Co-operative relationship with your Band Council, as contemplated by Article 40 of the *NLCA*. If you have any questions regarding the above, please feel free to contact me at (867) 857-2242 or by e-mail at [lsuluk@npc.nunavut.ca](mailto:lsuluk@npc.nunavut.ca).

Re: Water licence renewal for Cawker & Young Outfitting Ltd. (Linnacal Lake Lodge)  
 Tom Young and John Cawker. Current permit # NWB61EN0904 Exp. Nov. 9/04

Dear Sir or Madam,

Please find attached:

- water licence application form
- revised lay out drawings
- supplementary questionnaire
- revised and hole punched fig 2 and fig 3 drawings.
- application fee

I would request that you replace the figure 2 and 3 pages in your copy of our "Spill Contingency Plan" (revised Oct 15, 2001) with the whole punched copies attached

Since our original submission we have added a staff accommodation building and relocated our bulk fuel storage tanks as indicated in our revised drawings. The fuel tanks are in fact further away from any water source than they were.

Yours truly,

Tom Young

Re: Application : Water License Renewal at Ennadai Lake

The above-noted proposal has been forwarded to the Nunavut Planning Commission (NPC) for determination of its conformity with the Keewatin Regional Land Use Plan (KRLUP) under the Nunavut Land Claims Agreement and Nunavut Land Claims Agreement Act, S.C. 1993, c. 29. NPC is currently reviewing the proposal and in order to complete its review NPC requires that you undertake to comply with certain terms of the KRLUP.

All project proposals within the region in question are required to comply with the terms of the KRLUP. I am attaching the conformity requirements relevant to your project and with which it must comply. Also attached, is a copy of the Code of Good Conduct. These documents form part of the Plan.

Reply to each statement in the List of Relevant Conformity Requirements by circling either Yes or NO, complete the signature block and fax the form back to us at the following number: 867- 857- 2243.

If you would like more information, please contact Luke Suluk of NPC at the following number: 867- 857- 2242.

Yours truly,

Luke Suluk

## Appendix 2

### Code of Good Conduct for Land Users

1. The landscape of each camp, and other land use sites, will be restored to its original condition to the greatest degree possible. Water quality will be preserved, and no substances that will impair water quality will be dumped in water bodies. When possible, and feasible, old sites will be restored to their natural state.
2. All land users shall assist communities and government(s) in identifying and protecting archaeological sites and carving-stone sites
3. As a general rule, low-level flights by private aircraft at less than 300 metres should not occur where they will disturb wildlife or people. Where possible, scheduled low-level flights will only take place after consultation with the appropriate communities. All land users are responsible for reporting to the appropriate authorities any illegal or questionable low-level flights.
4. All activities on the land will be conducted in such a fashion that the renewable resources of the area in question are conserved.
5. Whenever practicable, and consistent with sound procurement management, non-resident land users will follow the practice of local purchase of supplies and services.
6. Non-resident land users will establish working relationships with local communities and respect the traditional users of the land.
7. During the caribou calving, post-calving, and migrating season, land use activities should be restricted to avoid disturbing caribou, in general, and more specifically will be governed by caribou protection measures.
8. Artifacts must be left where they are found. All land users are responsible for reporting to the appropriate authorities the location of, or any removal or disturbance of, artifacts.
