Importance: High

Good afternoon Richard/Ryan

Please note the conformity determination form was sent to Ryan by Tommy Owlijoot on August 10, 2010. We are still waiting for a response from Ryan on this particular file.

Brian Aglukark, NPC
Arviat

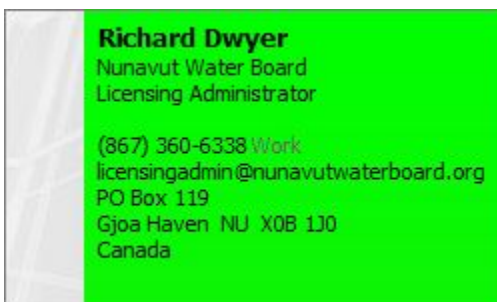

Good morning Mr. St. John:

What date can the additional information, listed below, be expected?:

- A detailed spill contingency plan should be provided. The plan should include a title page, table of contents, dated prepared, effective date, background information on the site and project, emergency contact numbers, a detailed site map depicting spill kits, sumps, nearby water bodies, fuel caches, etc; measure to prevent and contain spills. (the attached example is to be used to give you an idea of the Spill plan and additional information may be requested once submitted)
- Background information on the type of incinerator that will be used for combusting sewage and solid wastes should be provided. Environment Canada's Technical Document on Batch Waste Incineration is attached and it may help in the selection process.
- An abandonment and restoration plan (A&R Plan) should be provided (the attached example is to be used to give you an idea of the A&R plan and additional information may be requested once submitted)

We also require Nunavut Planning Commission determination prior to sending out for 30 day review period to interested parties.

Regards,

Good Afternoon;

The above listed land use application has been sent to the NPC for a conformity review against the Kivalliq Regional Land Use Plan.

Please fill out the attached questionnaire and forward back to me at your earliest convenience.

If you have any questions, do not hesitate to contact our office. Thank you.

Tommy Owljoot,
NPC Arviat
