Hi Andrew,

The NWB is modifying the licence number for the Alert Station file, currently issued as 3BC-ALT1015, in order to better reflect the undertaking's classification under the Nunavut Water Regulations.

The renewal and amendment application for Alert will thus continue under the Licence Number 8AC-ALT----

To make the transition as smooth as possible, I am requesting that you officially retract the renewal and amendment application submitted to the NWB on April 7, 2014, after reviewing that none of the associated documents remain relevant, and the NWB will continue with the application submitted to the Board on September 8, 2015.

Regards,

Brady MacCarl, MSc- $\triangleright \nabla \Delta \cap \text{L}^b \text{b}^{\nabla c}$
