Hi Andrew,

Just wondering whether DND will not be able to provide any responses by July 5 or will not be able to address all comments by that time? I am not sure we are able to close the Public Hearing records without having Applicant's response to comments. So whether the NWB leaves the Public Hearing records open until DND provides its response to comments or close the records with an assumption that requirements will be included within the future licence depends actually of the fact of having or not the Applicant responses and/or from the content of responses.

Regards,
