Re: Nunavut Water Board (NWB) License No. 3BC-EUR0611

Dear Mr. Hohnstein:

I am writing further to our telephone conversation of August 7th, 2007 regarding the above-noted License. The responsibility for this License now falls under Environment Canada (EC)'s Property Management Branch and all related correspondence should be addressed to the undersigned.

In light of communications over the past several weeks between EC and the NWB concerning the License, EC has undertaken a review of the terms and conditions of the License and related information. We would like to schedule a meeting or conference call in order to seek certain clarifications prior to addressing the NWB's concerns. We could then establish appropriate next steps and acceptable timelines.

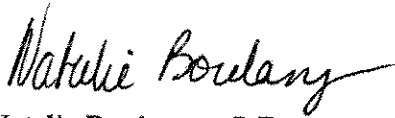

We propose to have such meeting or conference call around mid-September. Please kindly provide the names of participants from the NWB, and EC will coordinate the call or meeting accordingly.

We are looking forward to working with the NWB.

Should you wish to discuss further or if you have any questions or comments, please do not hesitate to contact me.

Sincerely,

Natalie Boulanger, P.Eng.
