Good day,

Environment Canada is ready to fill the water annual report as part of requirements for NWB Licence No. 3BC-EUR1116. We do not seem to have access to :

<ftp://nunavutwaterboard.org/ADMINISTRATION/Standardized%20Forms/> Therefore, could you please provide us with the up-to-date standardized form as well as a username and password for next year. We would also like to get a list of documentation to be provided along with our report as per your requirements.

Please note that the former contact Carl Carroll no longer works for Environment Canada and that we are now in charge of the annual reports.

Also, could you please confirm that you are the person responsible for receiving our annual report.

Please contact me should you have any questions. Regards.
