Hi Brian,

Uh..I was wrong. Hate that. I was going by memory and that it was an NWB6 licence; instead, it's an NWB4. I also checked the file and last time, a Municipality questionnaire was filled out, so that's the one that needs to be filled out this time too. It is a very long questionnaire, but the good news is that it was filled out last time. If you need a copy of the previous application, let me know.

Sorry about the confusion.

Subject: Application for NWB6EUR

Hi Brian,

For a complete application, please submit the following:

- (Note: exempt from \$30 application fee payable to the Receiver General for Canada because of federal status as per Section 7 of the Waters Act)
- Application form (attached)
- questionnaire (attached - n/a for irrelevant sections)
- summary of application in English AND Inuktitut
- maps or relevant drawings (max size 11" x 17")
- Spill Contingency Plan
- Abandonment and Restoration Plan

If you have any specific questions about sections in the questionnaire, please contact one of our technical staff at srtech@nwb.nunavut.ca (Dionne) or tech1@nwb.nunavut.ca (Jim).

If you have any other questions, please let me know. We appreciate electronic copies but cannot accept documents over 3 MB.

We look forward to receiving your application.
