Hello Joyce,

Thank you for your submission.

As this is a Type A water licence application, the Board requested some additional feedback:

1. Completeness of the Application based on their initial technical assessment;
2. Information Requests (IRs) related to the Application that must be provided to enable the parties to complete their full technical review; and
3. Type of a Technical Meeting (TM)/Pre-Hearing Conference (PHC) to be held?

Do I understand correctly that CIRNA determined that the application is complete and there are no information requests for additional information to complete the technical review?

What is CIRNA's position on the type of a Technical Meeting (TM)/Pre-Hearing Conference (PHC)?

Thank you,
Assol
