- > Natalie,
- > As per Part D section 8 of the NWB Licence No 3BC-EUR0611, you need to give the NWB 10 days advance notice that we will be decanting our sewage lagoon.
- > It takes about 48 hours to empty the lagoon and I will be taking samples at 1/3 empty & 2/3 empty... so after 16 hours and 32 hours.
- > Due to the scheduling of our produce flight this year, we will start pumping out the lagoon at midnight July 7th
- > The first set of samples will be taken at 4 p.m. July 8th and the second set of samples will be taken at 8 a.m. July 9th.
- > After the second set of samples are taken, the samples have to make it to the lab within 8 hours so the first set of samples can get to the lab in Yellowknife within 24 hrs.
- > Please advise the appropriate parties of our schedule.
- > Thanks,
