> Subject: Notice of Eureka Waste Water Lagoon Decanting July 6th, 2010
> Importance: High
>
> Natalie,
> As per Part D section 8 of the NWB Licence No 3BC-EUR0611, you need to give the NWB 10 days advance notice that we will be decanting our sewage lagoon.
> It takes about 48 hours to empty the lagoon and I will be taking samples at 1/3 empty & 2/3 empty... so after 16 hours and 32 hours.
> Due to the scheduling of our produce flight this year, we will start
> pumping out the lagoon at midnight July 6th The first set of samples will be taken at 4 p.m. July 7th and the second set of samples will be taken at 8 a.m. July 8th.
> After the second set of samples are taken, the samples have to make it to the lab within 8 hours so the first set of samples can get to the lab in Yellowknife within 24 hrs.
> Please advise the appropriate parties of our schedule.
> Thanks,
> Al
