Good afternoon,

The Nunavut Water Board would like to follow-up and update you on the status of the Remedial Action Plan and Risk Assessment (RAPRA) that was sent out to parties for review and comments. As the deadline for submissions is today. A reminder was sent to the Government of Nunavut; Dept of Environment.

The only comments we have received to date are from CIRNAC and DFO, attached below. For now if you would like to prepare a response to these you are welcome to do so. Once we receive the submission from the GN we will forward those to you accordingly.

Regards,

Robert Hunter
Licensing Administrator
