Hi Robert,

On behalf of ECCC, we request an additional extension to the deadline for providing responses to the comments. We are currently in the process of setting up meetings to discuss the comments with GN and CIRNAC. As it has been a challenge to find a time that works for everyone, we are needing extra time. Please accept this request to extend the deadline to November 1, 2024.

Thank you,

Tyler Huguet

Good morning,

This is a friendly reminder that the deadline for response to comments was yesterday. The Nunavut Water Board would like to follow-up and confirm whether ECCC will be providing a response to GN-Dept of Environment and CIRNAC comments?
