Subject: Acceptance of Addendum to Spill Plan: Licence 3BC-EUR0611

Dear Mr. Rauch:

The NWB has received your addendum to the document entitled “Oil Pollution Emergency Plan for Land Spills--Eureka High Arctic Weather Station” dated March 2009, on March 17, 2009. A thorough review of the addendum has determined that all of the requirements have been acted upon in a satisfactory manner by the Licensee; however, to add to the due diligence component of the Plan, future revisions should address spills on land that could potentially affect nearby water bodies.

Should you have any questions, please feel free to contact the undersigned at 867-360-6338 ext. 25 or by email at sjoseph@nunavutwaterboard.org.

Regards,
