Good morning Cynthia,

The project proposal for 8BC-ERK1015 is also being finalized for NPC Submission. I intend to electronically submit both the CFS Eureka & CFS Alert proposals on 23 Dec 2015.

I will inform you and the NWB licensing team once this is completed to help keep the renewal process moving along.

Once again, thank you very much.

Best regards,

Andrew Tam

Assistant 8 Wing Environment Officer, Environmental Management

Department of National Defence / Government of Canada

Good Morning,

Can you confirm that the project proposal for the above mentioned file has been submitted to NPC. If you choose, you may cc myself and the NWB licensing team on that submission to NPC.

Thank you,
