

Appendix C

Monitoring Program Stations No. ERK-3-4-5

Year: 2013

Description: Runoff and Leachate.

Reference: 3BC-ERK1015, Part J, Item 5.

Results:

June (Runoff Season)

Due to transportation and logistical issues, the Department of National Defence (DND) Sampling Team was unable to visit CFS Eureka in June. This prevented the collection of any June 2013 samples.

July

The DND Sampling Team visited CFS Eureka in July. Only ERK-3 showed dry conditions that prevented any water samples to be collected for analysis; no analytical results could be conducted. ERK-4 & ERK-5 were successfully sampled in July; Analytical results are attached in Appendix F.

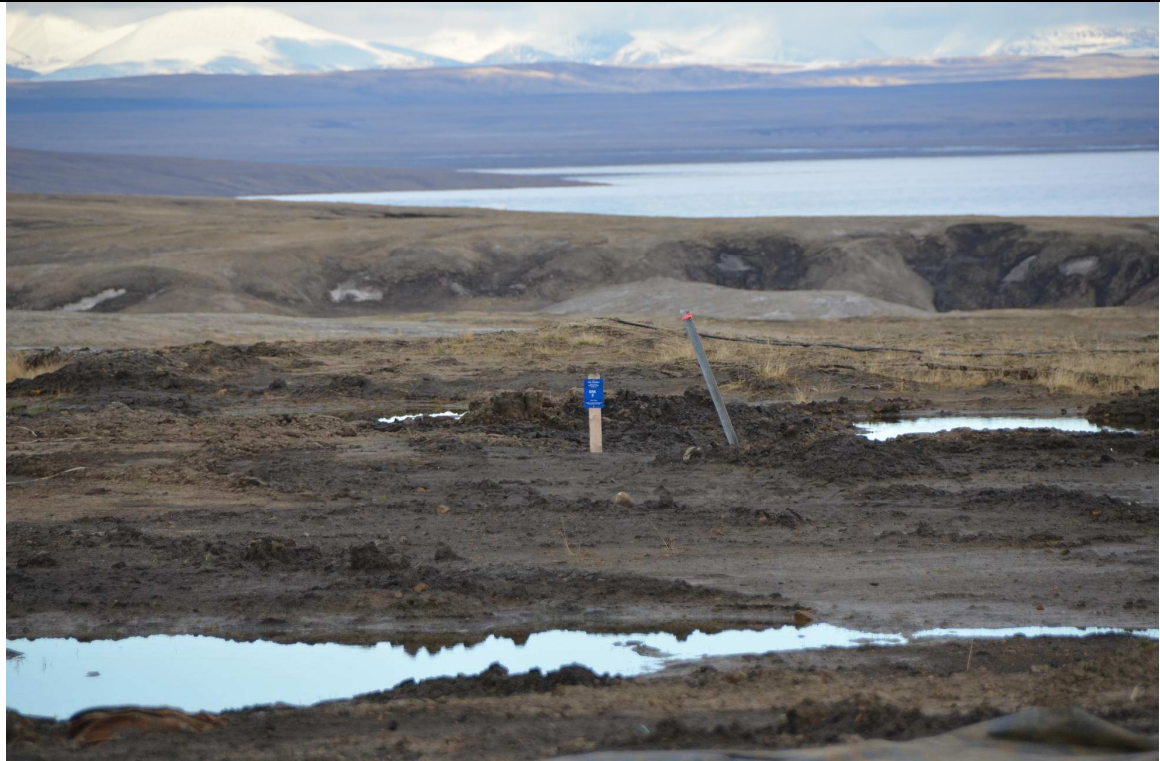

The summer 2013 CFS Eureka crew departed the station at the end of July, ending the CFS Eureka operation for the year.

ERK-3 in July 2013 showing dry conditions.

ERK-4 in July 2013 showing water sampling site.

ERK-5 in July 2013 showing water sampling site.

August

CFS Eureka was closed for the season.
