

Appendix G

Compliance Plan - Follow Up on 2017 Inspection Report

Year: 2017

Reference: Inspection report issued by INAC to DND on 25 September 2017.

A. Inspection

The Indigenous and Northern Affairs Canada (INAC) Inspectors conducted a water licence inspection of CFS Eureka on July 4th, 2017. At the time of the inspection, CFS Eureka was closed for the season with no DND/Canadian Forces presence. DND provided a detailed compliance briefing and a map of the Surveillance Network Program (SNP) sites to the Inspectors during their stay at CFS Alert, prior to departure for CFS Eureka.

B. Continuation of Environmental Compliance Efforts

This Compliance Plan will promote the continuing efforts to maintain compliance at CFS Eureka. The following general environmental compliance actions, but not limited to, will be carried forward by DND in 2018: Environmental Stewardship, Hazardous Waste Disposal, Solid Waste Disposal, Surveillance Network Program (SNP), Interdepartmental cooperation with the Environment and Climate Change Canada Eureka Weather Station, and especially erosion and sediment control. DND will also comply with the actions required by INAC during their inspection regarding the use of culverts and berm wall integrity. DND will continue to actively communicate with the INAC Inspections to develop and maintain mutual cooperation to support environmental management and compliance priorities.

Note: For 2017, CFS Eureka was operational for the month of June only. A similar operational schedule is anticipated for 2018.
