Subject: Submission of Proposed Modifications to the Canadian Forces Stations (CFS) Eureka Sewage Waste Facility

Dear Mr. Tam;

On September 13, 2013 the Nunavut Water Board ("NWB") received from the Department of National Defense (DND) - 8 Wing Trenton Environmental Office the notification of proposed modifications and construction for the Canadian Forces Stations (CFS) Eureka's Sewage Waste Facility, as per part F, Item 1 of the Licence No. 3BC-ERK1015.

The Nunavut Water Board ("NWB") Staff have reviewed the proposed modifications and have determined that these modifications are of operational nature, and are consistent with the current terms and conditions of Licence No. 3BC-ERK1015.

Accordingly, the NWB does not have any concerns with the modifications, and the Proponent can proceed with the proposed modifications.

Sincerely,
