Subject: Licence No. 8BC-EUR1621 - Submission of 2015 and 2016 Annual Reports for the Eureka High Arctic Weather Station

Dear Mr. Cloutier:

The Nunavut Water Board (NWB or Board) has completed the review of the 2015 Annual Report (2015 Report) and the 2016 Annual Report (2016 Report) submitted by Environment and Climate Change Canada to fulfill relevant requirements under Licence No. 8BC-EUR1621 issued to the Eureka High Arctic Weather Station, located on the northeastern tip of Ellesmere Island, within the Qikiqtani Region of Nunavut. The review determined that the 2015 Report and the 2016 Report are generally complete and consistent with the reporting requirements under Part B, Item 1 of the Licence.

Copies of the 2015 Report and the 2016 Report which were distributed to the public for information purposes on August 4, 2016 and on September 20, 2017, respectively are available at the NWB Public Registry using the following link:
