Hello Ida,

A water license renewal (NWB Renewal-Amendment Water Licence No. 8BC-FOD1828) was issued on June 8, 2018 to Major Ian Creighton. The Major has been on leave since June 8, and as a result this office only received the license last week. The license requires several addendums due 30 days after issuing, i.e. due July 8<sup>th</sup>. We would like to request an extension on this deadline to July 27<sup>th</sup> to allow us to complete the addendums.

Best Regards,

Jeremy Laflamme  
Environmental Officer, NWSO
