Dear Ms. Chawner,

Re: Extension Request

I am writing in reply to Nasittuq's letter of July 9, 2009, requesting an extension to July 31, 2009, to respond to the Nunavut Water Board's (NWB) letter of June 11, 2009. The NWB approves this request; however, with this second extension the NWB cannot ensure that the Nasittuq applications will be considered and, if approved by the Board, new licences issued prior to the expiry date of September 1, 2009, or the existing licences held by the Department of National Defence (DND). Accordingly, by copy of this letter, the NWB advises DND that renewal applications for the licences for these sites should be filed immediately to allow for the standard processing time for Type B licence renewals.

If you require further assistance with the application requirements, please contact me at licensing@nunavutwaterboard.org

Sincerely,

Original Signed by:

Phyllis Beaulieu
Manager of Licensing
