Subject: Licence 8BC-FOD1828 FOX-3 Long Range Radar Station  
Operation and Maintenance (O&M) Plan for the Landfill and Handling of Solid  
Wastes at FOX-3 Addendum

Dear Mr. Greaves and Mr. Wyman

The Nunavut Water Board (NWB) received on July 9, 2018 the document entitled “Operation and Maintenance (O&M) Plan for the Landfill and Handling of Solid Wastes at FOX-3 Addendum Contract # W8485-100224/001/NX SOW Ref: 16.C.5.c.1 Document Number FM-EHS-12, Rev 1, 9-Jul-2018” in accordance with the condition E,2 of Licence 8BC-FOD1828.

The O&M Plan Addendum is found to be complete and satisfies the requirement of the Licence condition E,2.

The NWB notes in Section 4 of the O&M Plan Addendum that remediation work may be undertaken during the summer of 2018 to address two historical spills at the Landfill site. The Licensee is reminded to provide a summary of any remedial work undertaken in its annual reporting as per item B,1 of the Licence, as well as to provide an update on any follow up required, including monitoring, and future plans to close the Landfill to ensure its long term physical and chemical stability.
