Mr. Kalen,

The Department of Indian and Northern Affairs Canada, Field Operations Section received on October 6, 2008 a letter from Mr. Dan Ross of National Defence Canada. The letter includes a proposed course of action to be implemented and followed to address issues raised in the Inspector's Direction of August 15, 2008.

After completing a review, I can advise you that the plan of action and details provided in the letter addresses all the tasks ordered in the Inspector's Direction issued on August 15, 2008. Further inspections will be scheduled in consultation with National Defence Canada and their agent Nasittuq Corporation to verify implementation and compliance in 2009.

At this time I would like to thank National defence Canada for their cooperation in this matter. Should you have any questions or concerns please do not hesitate to contact our offices.

Sincerely,
