Dear Ms. Beaulieu, Mr Aglukark and Ms. Ohakannoak,

Agnico Eagle Mines Limited (Agnico Eagle) is filing with the NWB a Type B water licence application for the Amaruq Exploration Access Road. The proposed exploration access road is a 62.5 km long road located approximately 150 km north of Baker Lake and approximately 50 km northwest of the Meadowbank mine.

Agnico Eagle's intention is to acquire necessary permits and build a single lane gravel surfaced exploration access road linking the Amaruq exploration project site to the Meadowbank mine site. This will facilitate safe, efficient, economical year round operations, including, the transport of fuel, equipment and personnel in support of ongoing exploration, camp operations, future exploration ramp decline and environmental baseline data collection. The coverletter, application and Main Application Document, Concordance Assessment (also in excel) related to the construction and operation of the exploration access road are attached to this email. The management plans will follow in a separate email. The supporting documents and shape files will be sent by FTP.

By including NPC and NIRB in this email and by copy of the attached letter to the NPC and NIRB, Agnico Eagle is requesting conformity determination from NPC and screening of the project by the NIRB. The NIRB Part 1 Form is provided as Attachment B.

Should you have any questions or concerns, please do not hesitate to contact Stephane at [819-763-0229](tel:819-763-0229) or [stephane.robert@agnicoeagle.com](mailto:stephane.robert@agnicoeagle.com) or Ryan at [819.651.2974](tel:819.651.2974) or [ryan.vanengen@agnicoeagle.com](mailto:ryan.vanengen@agnicoeagle.com).
