Hi Stephane and Ryan,

A quick question regarding the water licence application for Amaruq Access Road: It seems AEM suggested option for the inclusion of For-Construction design drawings related to bridges and culverts would be just prior to construction, and accordingly as per Licence conditions?  
Or you would be able to have them before?

Regards,

Karén Kharatyan, Ph. D- ԵՂՁ ԵՏՈՅՁ

Good morning Karen,

You are correct. As a condition of the Type B license AEM will provide NWB with final design drawings for the access road. We are still working on final design construction drawings (in particular culverts, bridge design and final approaches) and they will be completed to meet the conditions of the license.

Call or email me if you have any additional questions,

**Ryan Vanengen, MSc.**
