Good afternoon Brian,

AANDC has been in working with David Frenette of Agnico Eagle Mines Ltd. and our GIS department to complete Section 16 of our Land Use Permit application. I was informed after 1pm today that we should have the results later this afternoon. I will be sending out our application to the appropriate designated authorities no later than tomorrow afternoon by 5pm EST.

Should you have any questions, please contact me.

Lee Ann

Good morning

The Nunavut Planning Commission has initiated the review of the above noted proposal "AEM Amaruq - All Weather Access Road" under a Kivalliq Inuit Association (KIA) file "KVCA15Q02", file KVRW1501 and under a Nunavut Water Board (NWB) file 8BC AEA. NPC requires a copy of the AANDC application as submitted by the proponent to process the NPC conformity form for the proponent to complete.

Please provide a time line of when a copy of the AANC application will be forwarded to the NPC.

Any questions or concerns, please do not hesitate to contact me via email.

Brian Aglukark, NPC

Hi,

Apologies for the inconvenience. ..I have taken the rest of the day off, not feeling well. Are available at your 930am tomorrow, if not sometime tomorrow?

Brian

Hi Brian,

After reviewing our files here at the office, we have not received an application from Agnico Eagle in regards to your email below.

Lee Ann

Good morning,

RE: AEM Amaruq - All Weather Access Road

The Nunavut Planning Commission (NPC) received a request for a conformity review (CR) from the Kivalliq Inuit Association (KIA), file # KVRW15F01 on April 14, 2015, and from the Nunavut Water Board (NWB), file # 150420 2BW MEL1215 on April 20, 2015 submitted by Agnico Eagle Mines Ltd. (AEM) for a development of an Access Road between the AEM Meadowbank Mine and it's Amaruq Exploration Property.

Before initiating it's conformity review, the NPC must be in receipt of all of the applications/project proposals from an authorizing agency related to the proposed project. Both applications listed above as submitted mention that the proponent also requires an Aboriginal Affairs and Northern Development Canada (AANDC) authorization. To date, the NPC is not in receipt of a copy of the AANDC application, therefore cannot initiate the review at this time. The NPC will formally commence its CR once AANDC forwards the related application.

If you have any questions or concerns, please do not hesitate to contact me at [867.857.2242](tel:867.857.2242).

Mutna,

Brian Aglukark, NPC
