Hello Sophia,

Attached is Appendix C. It is the last of the emails associated with this submission.

If technology allows, the complete Appendix B files will be available on the FTP site for ~ 2 months. Otherwise you now have the main document, all of Appendix A, Appendix B (meeting notes, invitations, attendance lists, but not the presentations) and all of Appendix C by email.

Call or email me if you have any questions.

Regards,

Ryan

Hello Sophia,

Thank you for providing your input on Friday evening regarding the NIRB reception of Appendices.

Attached you will find Appendix A – TK map. Two additional emails will follow with all of the information in Appendix A and C, and part of Appendix B as “supporting documents” of the response package sent on October 2<sup>nd</sup> for your review. As we discussed, the appendices are not essential for the review and the information in the 4 emails provides all of the information needed for NIRB to complete their review (i.e. the main response document sent on Oct 2nd and the 3 subsequent emails with the majority of the Appendix information).

The entire response package, including the larger files that are part of Appendix B (which are mainly the presentations that were made by AEM or our consultants during workshops or meetings with stakeholders) will be sent by courier to NIRB by CD and in hardcopy this week.

Regards,

Ryan

Dear Sophia and Erika,

As requested, the following responses are intended to address the recommendations and comments outlined in NIRB letter dated September 22<sup>nd</sup>, 2015, which provided AEM the opportunity to address comments received regarding the "Amaruq Exploration Access Road" project proposal. AEM appreciates that NIRB has provided AEM the opportunity to respond to comments from interveners.

The appendices will be sent in a separate email that will provide a link to the AEM FTP site where these larger files can be retrieved. Hard copies and CDs with electronic copies of the response package will be sent to your office by courier.

Should you have any questions or require further information, please contact me or Stephane Robert.
