Eric,

You and I have chatted a few times about the technical components of your application to the NWB for the Bridge to Nowhere - Repair to Abutments Project (NWB File No. 8BC-BTN----). I've been reviewing your revised application as I was for the public comment period to end.

In your Application, you state in Box 17, that a site specific EPP will be completed as a requirement of the tender process. Do you have an estimate for when you might expect to have a final EPP completed for the Project?

Regards,
