Re: Crown-Indigenous Relations and Northern Affairs Canada's (CIRNAC) Response to Comments for the Review of the Licence Annual Report for the Clyde River Small Craft Harbour Development Project, Type B Water Licence No. 8BC-CLY2225.

Dear Robert,

Thank you for the April 4, 2023 invitation to review the response to comments for the annual report submission, submitted by Fisheries and Oceans Canada - Small Craft Harbours (DFO-SCH), for Type B Water Licence No. 8BC-CLY2225.

CIRNAC examined the application pursuant to its mandated responsibilities under the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and the *Department of Crown-Indigenous Relations and Northern Affairs Act*. CIRNAC is satisfied with DFO-SCH's response and has no further comments.

Outside of these is this question we direct back to you to address with the proponent. This is a direct quote from DFO-SCH in their reply to CIRNAC "DFO-SCH would also like to confirm if conditions in the NWB-Type B licence apply to marine environments? The dredge spoil pile is directly adjacent to the proposed harbour in Patricia Bay, and should not influence freshwater.".

If there are any questions or concerns, please contact me at (867) 975-3877 or Joyce.Demers@rcaanc-cirnac.gc.ca or Andrew Keim at (867) 975-4550 or Andrew.Keim@rcaanc-cirnac.gc.ca.

Sincerely,

Joyce Demers, B.Sc.,
Industrial Coordinator
