Re: Fisheries and Oceans Canada – Small Craft Harbours’ “Clyde River Small Craft Harbour Development” – 2023-24 NWB Report

Dear Richard Dwyer:

On January 20, 2022 Nunavut Water Board (NWB) completed the review of the Clyde River Small Craft Harbour Development project proposal and issued a NWB type B licence (licence) to Fisheries and Oceans Canada- Small Craft Harbours (DFO-SCH). The licence was subsequently amended and re-issued by NWB on July 11, 2023.

As identified in *Part B: General Conditions* section of the licence, an annual report of construction activities and associated monitoring is due March 31, 2024.

In 2023, the contractor made some significant progress on the project, maintaining the project schedule. This work included; quarrying operations (including blasting, sorting and crushing), hauling rock, construction of the dredge spoil area, construction of 70% of the southwest breakwater, tie-back wall vibratory pile driving, a small amount of dredging and a small segment of the northeast breakwater. The attached annual report will summarize the activities conducted during construction, and confirm the compliance with the monitoring and reporting requirements.

If you have any questions with the content of this letter, please contact Chris McDermid at (431) 335-7530 or by email at Chris.McDermid@dfo-mpo.gc.ca.

Yours sincerely,

Eleanor McEwan, P. Eng.
Senior Project Engineer
Small Craft Harbours Branch
