Good morning Stephanie

Thank you for your email. In order to actively participate in the administration of this file an authorization letter is required to be submitted by DND on your behalf. At the moment the application is in the final stages and will be sent to our Board for approval shortly. Once issued there will more than likely be requirements for submissions to be provided to our office. I will add your name to the distribution for future correspondence.

Regards,

## Phyllis Beaulieu- Ḁᓇᓚ Ḁᓇ

Good Morning Mrs. Beaulieu,

Let me introduce myself. My name is Stephanie, I am a project technician for Almiq Contracting Ltd. Almiq was granted the contract of the Construction of Nanisivik Naval Facility and became in charge of the water licence application on behalf of Department of National Defense.

The purpose of this email is to have an update of the ongoing process.

I took cognizance of the content of the application on the NWB FTP site.

I know the deadline for stakeholders comments was July 25<sup>th</sup> and read the related documents.

I basically know what is missing in the application.

What remains unclear to me is the procedure, "what's next" ?

Will you be sending your comments to DND or do we have to review and resubmit our own documentation before you do ?

I just want to make sure both parties are not waiting for each other.

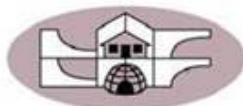

Thank you very much for taking of your time for this,

Best Regards,

**Stéphanie Bouchard-Dallaire**
