Hello Richard,

Thank-you for forwarding the Defence Construction Canada's response and updated plans for the renewal of the Department of National Defence's construction licence 8BC-NNF1920 for the Nanisivik Naval Facility.

Crown-Indigenous Relations and Northern Affairs Canada has reviewed the submitted material and it addresses our comments. The revised Spill Plan is much improved over the previous version.

We have no further concerns for this application, though we encourage the licensee to forward the letter confirming the Hamlet of Arctic Bay has continued capacity to provide potable and wastewater services, as they have committed to do.

Regards,

Sarah

Subject: Re: Nanisivik Naval Facility Department of National Defence water licence renewal applicaiton 8BC-NNF1920

Good morning,

The NWB requests reply by June 2, 2021 whether or not the attached response and plans address CIRNA comments, please note due to the size of the spill plan the:

- Quarry Management Plan
- Revised Health & Safety Plan
- Revised Environmental Protection Plan
- 2019 Annual Report

Will be sent in another e-mail.

Regards,

Richard
