Mr. Dave Hohnstein
Director Technical Services
Nunavut Water Board
dts@nunavutwaterboard.org

July 27, 2011

Dear Mr. Hohnstein;

Arviat Surface Diamond Driller's Program

Attached is our completed application for a Water License for the subject program.

It is our understanding that this application will be subject to screening and approval by NIRB and a Land Use Permit from GN – Community and Government Services. We are copying both NIRB and GN on this request. A formal Council Motion will be provided shortly.

The Application Fee (\$30.00) and the Water Use Fee Deposit (\$30.00) will be sent immediately by mail.

Our objective is to have all permits in place as soon as possible, so that we may commence this course in September, with the field component beginning by early October. We hope that we can collaborate with the three agencies to get all necessary permits in place.

Please let us know if there is any other information you require.

Sincerely,

John Main
Economic Development Officer
