Re: 8BD-ARV1116 Arviat Assistant Diamond Driller Training Program, Final Inspection complete

Ms. Beaulieu,

An inspection was conducted on July 6th, 2015 of the Hamlet of Arviat's water licence No. 8BD-ARV1116. It was noted during the inspection that the Hamlet has never utilized this authorization nor plan to. The drilling program is currently being offered inside a garage within the municipality and utilizing water from the Hamlet's allotment under 3AM-ARV1016.

Therefore by way of this letter, AANDC Field Operations Unit would like to provide notice to the Nunavut Water Board that a final inspection of 8BD-ARV1116 had been completed. If the proponent should request cancellation of this licence, Field Operation would support that request.

Should you have any concerns with respect to this letter, please feel free to contact the undersigned.

Regards,
